

MARSHAL JOINS
THAW'S GUARDSFugitive Is Given Protection of
Federal Court.

WANTS IMMEDIATE HEARING

William T. Jerome Will Oppose Continuance of Habeas Corpus Writ and in the Event of Thaw Being Set Free He Will Be at Once Rearrested and Taken Before the Governor for Extradition.

Colebrook, N. H., Sept. 16.—The judicial branch of the United States government assumed joint guardianship of Harry K. Thaw by virtue of a writ of habeas corpus issued at Concord on Saturday.

United States Marshal E. P. Nte became one of the Matteawan fugitive's custodians and he will be taken to Littleton, N. H., and produced before Judge Aldrich in the United States district court.

The writ was obtained by Thaw's lawyers as a weapon against William Travers Jerome, in case Jerome should essay forcibly to get Thaw across the New York border.

Before the federal court they will seek to have the writ continued to safeguard their client should Governor Feltner find against Thaw in the extradition hearing to be held at Concord, probably on Wednesday.

Jerome will oppose the continuance of the writ and insist on an immediate hearing, even though there is a possibility that Thaw may be released from custody.

Jerome believes Thaw's counsel would make no attempt to get their client out of the state under the circumstances and that Thaw would immediately be arrested and brought before the governor as arranged.

Thaw heard with interest that John Andrews, the Coaticook constable who arrested Jerome on the charge of gambling, of which he was subsequently exonerated, had run afoul of the United States immigration law.

Andrews was held here, in the custody of Colebrook's chief of police, pending the arrival of United States Immigration Inspector Allen, stationed at Island Pond, Vt.

Allen telephoned that he had a warrant for the arrest of Andrews, charging him with assisting a pauper woman to enter this country in violation of the immigration laws.

Andrews said he knew nothing of the charge against him and Thaw characterized the charge as a piece of spite work.

ACCUSED OF BEATING FATHER

Grand Jury Indicts College President
for Assault.

Terre Haute, Ind., Sept. 16.—Rev. E. M. Hanley, president of Franklin college, was indicted by the Vigo county grand jury on a charge of assault and battery, growing out of his attack on his father, Calvin Hanley, last Thursday.

President Hanley is said to be at Franklin, Ind., and Rev. C. M. Parker, a member of the board of trustees of the institution, told court officials that he would appear when wanted.

The alleged assault on Calvin Hanley occurred at his home near Middletown, Ind., when, it was charged, the minister attacked his father because of remarks made to his daughter-in-law and on account of treatment accorded his mother to which the son objected.

President Hanley asserted that he had not beaten his father, but had "switched and spanked" his parent.

SEVEN STRIKERS ARE BEATEN

Police Who Attempt to Stop Garment
Workers' Riot Also Injured.

Philadelphia, Sept. 16.—Seven persons believed to be striking garment workers and their sympathizers were so severely beaten in a disturbance that they had to be sent to a hospital. According to the police several garment workers who refused to join the strikers were attacked by about 200 men and boys when they left their places of employment.

Police who undertook to quell the riot were badly beaten.

SAN FRANCISCO EDITOR DYING.

San Francisco, Sept. 16.—Charles De Young, managing editor of the San Francisco Chronicle and son of M. H. De Young, proprietor of that paper, is not expected by his physicians to live twenty-four hours longer. He has been critically ill at San Mateo with typhoid fever, which has run into typhoid pneumonia, complicated by peritonitis.

DUBLIN STRIKE SPREADING

Labor Situation Made More Serious
by Walkout of Builders.

Dublin, Sept. 16.—The labor situation has assumed a more serious phase and the city is affected to a greater extent by this strike than any in its history.

Five thousand laborers went out. Two thousand farm laborers and six hundred dock workers are also out. Four steamers loaded with grain are unable to discharge. Food is running low.

FINISH WOOL AND
PAPER PROBLEMSTariff Conferees Dispose of Two
More Schedules.

HOUSE WINS WOOL VICTORY

Senate Recedes From Amendment to Free List the Cheaper Grades of Blankets and Accepts House Paragraph Making Them Dutiable at 25 Per Cent Ad Valorem.

Washington, Sept. 16.—Most of the knotty problems in the wool and paper schedules were disposed of by the house and senate conferees on the Democratic tariff bill and a good start was made on the sundries schedule.

One of the important agreements occurred when the senate conferees receded from the amendment to free list the cheaper grades of woolen blankets and accepted the house paragraph making them dutiable at 25 per cent ad valorem.

The paragraph on woolen yarns was compromised by splitting almost equally the difference between the two houses, the house having voted a 20 per cent and the senate a 15 per cent duty.

A speech in support of the tariff was made in the senate by Senator Thomas of Colorado, a Democratic member of the finance committee.

The senator had prepared his speech for delivery during the tariff debate, but was prevailed upon to withhold it so that passage of the bill might not be delayed.

He warmly defended the sugar schedule and declared that much of the agitation against free sugar by the beet sugar industry was based on a misapprehension.

THROUGH WITH PUBLIC LIFE

Congressman Burke of South Dakota
Will Retire.

Pierre, S. D., Sept. 16.—Congressman Charles H. Burke of this city gave out the following statement:

"My physical condition the past year has caused me to consider the advisability of retiring from public life and I have contemplated for some time not being a candidate for reelection. I have now decided not to be a candidate for my present office, for the reason stated, and for the same reason will not be a candidate for any other office.

"I am deeply grateful to the people of South Dakota for their long continued confidence, and particularly to those personal friends who have for so many years made my political success possible. I shall continue to reside in Pierre."

DEMOCRATIC LINE IS FIRM

Opposition Unable to Amend Current
Measure.

Washington, Sept. 16.—The administration currency bill rolled steadily toward completion under detailed consideration in the house.

A chorus of Democratic "noes" quickly disposed of the numerous efforts of Republicans and Progressives to alter the provisions of the measure as agreed on by the Democratic caucus. Not a single material amendment was voted into the bill.

The debate bristled with charges of "gag law" and "caucus rule" from the minority, with occasional sympathetic replies from the Democratic side, but when the votes were needed the line held firm behind Chairman Glass of the banking and currency committee.

PEACHES FED TO CATTLE

Fruit Rots on Ground Beneath
Heavily Bearing Orchard.

New Haven, Conn., Sept. 16.—Nature's bounty in the yield of late peaches in orchards here is so generous that wind fallen fruit is being fed to hogs and cattle.

Many growers will let peaches waste on the trees and on the ground, as they cannot get pickers. The best fruit ever seen here is offered at 50 cents a bushel at the orchards.

Setting Him Right.

He—Tell me confidentially how much did that pretty hat cost you? She—George, there is but one way in which you can obtain the right to inspect my millinery bills. He popped.

AGREE ON FRONTIER.

Constantinople, Sept. 16.—It is officially announced that an agreement on the principal points of the frontier question was reached at the sitting of the Turkish and Bulgarian peace delegates.

JOHN P. MITCHEL.
Calls Halt in New York
City Mayoralty Campaign.

Photo by American Press Association.

AWAIT FUNERAL OF GAYNOR

New York Candidates Cease Political
Activity.

New York, Sept. 16.—A halt in political activities in New York city's municipal campaign through respect for the late Mayor Gaynor was called by John Purroy Mitchell, fusion candidate for mayor.

E. Ward McCall, his Tammany opponent, agrees with Mr. Mitchell and the political lull will last until after the mayor's funeral.

Mr. Mitchell took this position in a brief address to the Republican district leaders. He said:

"As far as possible all partisan meetings and conferences, all discussions of his successor should cease until Mayor Gaynor has been laid to rest with the affectionate sympathy of this community."

THREE EMPLOYEES
BLAMED FOR WRECKCoroner Places Responsibility
for New Haven Disaster.

New Haven, Conn., Sept. 16.—Three employees of the New York, New Haven and Hartford railroad are held by Coroner Mix criminally responsible for the disastrous wreck at North Haven on Sept. 2, when the White Mountain express plunged through the second section of the standing Bar Harbor express, exacting a toll of twenty-one lives.

Those held to be responsible are Augustus B. Miller, engineer of the White Mountain express, and Bruce C. Adams and Charles H. Murray, conductor and flagman, respectively of the Bar Harbor train.

The coroner neither blames nor absolves the New Haven road. He finds the signals were in perfect order "and whether the banjo signals are obsolete or not the accident would have been prevented if the company's rules had not been violated." He declares the number of violations of rules by employees "makes a sorry record."

Engineer Miller was arrested on a bench warrant and pleaded not guilty before the superior court. Bench warrants have been issued for Adams and Murray.

JUMPS INTO NIAGARA RIVER

Man Plunges From the Lower Steel
Arch Bridge.

Niagara Falls, N. Y., Sept. 16.—A man believed to be John Hawkins, sixty-eight years old, of Erie, Pa., committed suicide by jumping into the Niagara river from the lower steel arch bridge.

The bridge spans the river just above the start of the whirlpool rapids and is 200 feet above the surface of the water.

Hawkins was pulled from the bridge railing Saturday night, but convinced his captors then that he was not bent on suicide.

DENY THEY ARE A TRUST

Telephone Combine Head and Sub-
sidiaries File Answers.

Portland, Ore., Sept. 16.—The American Telephone and Telegraph company and subsidiaries filed answers in the federal court here to the anti-trust suit brought against them. They deny that they are parties to any conspiracy in restraint of trade.

It is charged that the defendants are in conspiracy to monopolize the telephone business in violation of the anti-trust law of congress passed July 2, 1890, and the government demands that competitive conditions be re-established as far as practicable in Oregon, Washington, Idaho and Montana.

POSTAL SYSTEM
YIELDS SURPLUSParcel Post Responsible For
Excellent Showing.

SERVICE IS SELF SUSTAINING

Representative Lewis, However, Does Not Believe Penny Postage Will Come Just Yet—Fears Increase of Second Class Rates Would Drive Periodicals From the Mails.

By ARTHUR W. DUNN.
Washington, Sept. 16.—[Special.]—"We will assuredly have a surplus of \$7,000,000 to \$10,000,000 at the end of the year, due to the parcel post, a continuing surplus for the future."

In those words Congressman Lewis of Maryland answered a question as to whether the new parcel post law paid for itself. Mr. Lewis was making an extended and exhaustive speech on the subject of parcel post, a subject on which he is well qualified to speak, and he showed that in time the parcel would not only yield a handsome revenue, but would cover the deficit which is created by the rural free delivery service and other mail. He believed that careful handling of parcel post on rural routes might make that service self sustaining.

Inquiries were made as to whether farm products were moving by parcel post, it being a general complaint that thus far the parcel post service had been largely from the cities to the country. Lewis said that the farmers were gradually beginning to take advantage of the service, but there were certain troubles yet to overcome, such as containers for the shipment of farm products.

Penny Postage.

Incidentally he took up the demand for penny postage, which, he said, was very insistent and coupled with the demand for an increase on second class mail. He said that he did not believe that it was time for one cent postage and that any attempt to increase second class rates—at least, more than 2 cents a pound—would drive the papers and periodicals from the mails.

Offices For the Democrats.

In the midst of loud wails and complaints because the Democrats were taking steps to secure the federal offices for their Democratic constituents there was one outspoken Republican who thought the party which won ought to have the offices. Congressman Madden of Chicago went directly to the point, saying: "I am in favor of turning those offices over to the Democrats. [Applause on the Democratic side.] I believe that Republicans are better Republicans when they go down with their party, and I believe that Democrats are better Democrats when they go in and out with their party." [Applause on the Democratic side.]

A Roosevelt Theme.

Speaking of the exemption of the income tax being limited to two children in a family, Senator Sherman of Illinois said: "Why do you want to make that limitation? That is the fashionable number. If there is race suicide where does it begin? The large incomes are among people who ought to raise children, but who have two or less. I would put a tax on dogs and a bounty on babies if I were a benevolent despot in this country."

Penrose Not Fooled.

Out of courtesy it has been the custom for a number of senators to remain in their seats, particularly when one of the older members of the senate is speaking. Said Senator Penrose one day during the tariff debate, "In the presence of those senators who have done me the honor to have the appearance of listening I was endeavoring to show some of the inconsistencies of this bill." The Pennsylvania senator understood the situation. "Appearance of listening" expressed the idea, as no one was listening.

Shutting Off Publicity Agents.

Reams of matter sent out from the departments which daily finds its way to the wastebaskets will be discontinued if the senate adopts the Gillette provision preventing the expenditure of money for publicity by the departments. A dozen years ago every newspaper man went to the departments when he wanted information. Now stacks of stuff he does not want is mailed to him, and he can't get information without going to the publicity agents. Much of this is due to the Roosevelt secret orders supplemented by those of Taft, in which everybody was prohibited from giving publicity to public affairs in the departments. Those orders are still in force under the Wilson administration. But they may be abrogated with the elimination of the publicity agents.

Rubbing It In.

One fine afternoon Chairman Fitzgerald suggested that he would like to have the house adjourn.

"In view of the fact that the Democratic members are going to have a caucus," said Minority Leader Mann, "and that the Republican members are going to a baseball game, I hope the gentleman will make the motion."

Jim Mann's rubbing it in," remarked a Democratic "fan" who wanted to go to the game but had to stay in caucus.

Equal in Earthquakes.

As far as earthquake activity is concerned, Italy and Japan are about on a par.

SENATOR ROBINSON.
Member of Committee to
Investigate Crow Agency.

COPYRIGHT BY CLEVELAND, 1913

TAKES UP GRAY CHARGES

Joint Committee of Congress Goes to
Crow Agency.

Washington, Sept. 16.—A joint committee from the Indian affairs committees of the house and senate consisting of Representatives Burke of South Dakota and Stephens of Texas, and Senators Townsend of Michigan and Robinson of Arkansas, have left for Montana to investigate alleged abuses on the Crow reservation.

This inquiry is the result of charges repeatedly urged by Mrs. Helen Pierce Gray, a former resident of St. Paul. Misappropriation of tribal funds, padding of rolls and various phases of alleged land frauds are some of the accusations the special committee will investigate.

EMERY ADDRESSES
LOBBY COMMITTEEScores Mulhall and Denies
Accusations in General.

Washington, Sept. 16.—The defense of the National Association of Manufacturers to the charges of a checkered and improper political career in Washington and elsewhere made by its former lobbyist, Martin M. Mulhall, was concluded by James A. Emery, chief agent of the association in the capital.

For nearly three hours he addressed the house lobby committee.

Emery made a detailed denial of Mulhall's charges that the association packed congressional committees; that it rode rough shod over those members who opposed its legislative will; that it campaigned with frequency and at great expense to elect its favored congressional friends and that it spent several hundred thousand dollars in "lobby work" through Mulhall himself. Referring to Mulhall, Emery said:

"The evidence before this committee conclusively demonstrates that the character of Mulhall destroys right to believe him, nor is his written word worth more than his oral statement."

"By his own testimony against that of his letters, by the falsity of their contents proved by independent witnesses, by the deception, treachery and falsehood that underlies every relation of his life, he is utterly unworthy of belief."

UNITE TO BAR ACCIDENTS

Chicagoans Will Try and Lower Present
Death Rate.

Chicago, Sept. 16.—A permanent committee on public safety for the purpose of minimizing the number of accidental deaths was formed here. The means of lowering the death rate will be investigated by the following subcommittees:

Industrial, railroads, street railways, automobiles and motor cycles, drownings, asphyxiation, criminal operations, elevators, self-destruction, homicides, law enforcement and ways and means.

George H. Whittle, chairman of the street traffic committee of the Association of Commerce, was elected president of the general committee.

MILL CITY NEGRO KILLED

Witnesses Say His Slayer Acted in
Self-Defense.

Minneapolis, Sept. 16.—Samuel Barney, negro, was shot while in his room, receiving wounds from which he died a short time after at the city hospital. In an ante mortem statement to the county attorney Barney charged John Hudson, also a negro, with the shooting. Witnesses said that the shooting was done in self-defense, a result of a quarrel between the two men.

SHOOTS THREE TO DEATH

Memphis Man Kills Wife's Parents
and Brother.

Memphis, Tenn., Sept. 16.—Ed Baxter wiped out almost the whole of his wife's family, shooting them with a shotgun while they lay in bed. He escaped. The dead are Henry Smith, 65; Mrs. Henry Smith; Oscar Smith, son.

The parents had objected to Baxter coming on the place.

POLICE ARREST
YOUNG DENTIST

LANE CONSIDERING VOYAGE

Secretary of Interior May Make Trip
to Honolulu.

Berkley, Cal., Sept. 16.—Secretary Lane of the interior department is considering a voyage to Honolulu and back before he returns to his work.

It is now six days since the secretary collapsed while reviewing a parade, and although he continues to gain in strength and is up and about his physicians insist that he must have a fortnight's full rest before he can think of taking up his duties again.

EMERGENCY BILL IS PASSED

Measure Provides \$100,000 to Bring
Americans Out of Mexico.

Washington, Sept. 16.—Waiving any reference to committee on the ground that it was an emergency measure the senate passed the house resolution appropriating \$100,000 to meet the expenses of bringing destitute Americans out of Mexico.

124 MILES AN HOUR.

Paris, Sept. 16.—A remarkable flight, establishing a new cross country record, was made by the French aviator, Ernest Guillaux. With a passenger he covered 118 miles from his home at Savigny-Sur-Braye to Paris in fifty minutes. This was at the rate of nearly 142 miles an hour.

Her Revenge.

A lawyer asked a woman in the witness box her age, and she promptly replied:

"Old enough to have sold milk for you to drink when a baby, and I haven't got any money yet."

Further Developments in New
York Brutal Murder.

WOMAN IS ALSO IN CUSTODY

Dr. Muret and His Housekeeper Are Being Held on a Technical Charge of Counterfeiting and Further Sensations Are Promised—Cablegram From Germany Says Rev. Hans Schmidt Is Insane.

New York, Sept. 16.—Dr. Muret, a dentist, was arrested by Police Inspector Faurot in connection with the murder of Anna Amuller, the priest, confessed.

Inspector Faurot, as he left headquarters with Detectives O'Neill and O'Connor, said they were going to Upper Manhattan where they had under arrest in his own home a prominent physician.

Later they arrested Dr. Muret, a dentist of 301 St. Nicholas avenue, which is in the vicinity of One Hundred and Thirty-fifth street and near St. Joseph's church, where Father Schmidt was arrested. Mr. Muret is about thirty years old.

Inspector Faurot declared the new developments would prove fully as sensational as Schmidt's arrest.

The dentist seemed unconcerned when he was taken into custody.

The police say that Father Schmidt was often seen in the apartments in West One Hundred and Thirty-fourth street with Dr. Muret.

Saw Muret With Schmidt.

The agent of the flat is also said to have identified Muret as having been in the apartment with Father Schmidt. Dr. Muret's housekeeper, Bertha Zeck, also was brought to police headquarters.

Dr. Muret is being held on a technical charge of counterfeiting and the woman as a material witness.

It is alleged that under the name of George Miller, Muret hired an apartment in West One Hundred and Thirty-fourth street and that in this apartment were found plates and presses and portions of partially destroyed proofs of \$20 gold certificates.

Inspector Faurot said he wanted it understood that Father Schmidt had made no confession implicating Muret. Dr. Muret said he first met Schmidt when the priest visited him to have some dental work done and it is alleged by the police that Muret told Inspector Faurot that Schmidt first broached the subject of counterfeiting.

"Does Muret or Miller admit knowing the Amuller girl?" Inspector Faurot was asked.

"Yes," was the reply.

Dodges Pointed Question.

"Have you any evidence that tends to show that Muret or Miller visited the Bradhurst avenue house with Father Schmidt and the Amuller girl?"

"I won't go into that," was all the inspector would say.

Hans Schmidt is in the observation ward of the Tombs prison under the care of Dr. McGuire, the prison physician.

Warden Fallon declares the man is insane—one of the most dangerous men ever confined in the prison, and in this view he was upheld by Deputy Commissioner of Corrections Wright.

From Aschaffenburg, Germany, there came to Mr. Joseph F. Mooney, vicar general of the archdiocese of New York, a telegram from the secretary of the bishop which said that Schmidt had been suspended by the bishop. The message read:

"Schmidt born in Aschaffenburg, priest of diocese of Mainz. Ran away from Mainz because of attempted frauds; arrested by police. Declared insane by court and discharged. Suspended by bishop for acts and for presenting falsified documents regarding studies he pretended to have made. Then left diocese."

THE BRAINERD DAILY DISPATCH

Volume 13, Number 89.

BRAINERD, MINNESOTA, TUESDAY, SEPTEMBER 16, 1913

Price Two Cents

MARSHAL JOINS THAW'S GUARDS

Fugitive Is Given Protection of Federal Court.

WANTS IMMEDIATE HEARING

William T. Jerome Will Oppose Continuance of Habeas Corpus Writ and in the Event of Thaw Being Set Free He Will Be at Once Rearrested and Taken Before the Governor for Extradition.

Colebrook, N. H., Sept. 16.—The judicial branch of the United States government assumed joint guardianship of Harry K. Thaw by virtue of a writ of habeas corpus issued at Concord on Saturday.

United States Marshal E. P. Nte became one of the Mattawean fugitive's custodians and he will be taken to Littleton, N. H., and produced before Judge Aldrich in the United States district court.

The writ was obtained by Thaw's lawyers as a weapon against William Travers Jerome, in case Jerome should essay forcibly to get Thaw across the New York border.

Before the federal court they will seek to have the writ continued to safeguard their client should Governor Felker find against Thaw in the extradition hearing to be held at Concord, probably on Wednesday.

Jerome will oppose the continuance of the writ and insist on an immediate hearing, even though there is a possibility that Thaw may be released from custody.

Jerome believes Thaw's counsel would make no attempt to get their client out of the state under the circumstances and that Thaw would immediately be arrested and brought before the governor as arranged.

Thaw heard with interest that John Andrews, the Coaticook constable who arrested Jerome on the charge of gambling, of which he was subsequently exonerated, had run afoul of the United States immigration law.

Andrews was held here, in the custody of Colebrook's chief of police, pending the arrival of United States Immigration Inspector Allen, stationed at Island Pond, Vt.

Allen telephoned that he had a warrant for the arrest of Andrews, charging him with assisting a pauper woman to enter this country in violation of the immigration laws.

Andrews said he knew nothing of the charge against him and Thaw characterized the charge as a piece of spite work.

ACCUSED OF BEATING FATHER

Grand Jury Indicts College President for Assault.

Terre Haute, Ind., Sept. 16.—Rev. E. M. Hanley, president of Franklin college, was indicted by the Vigo county grand jury on a charge of assault and battery, growing out of his attack on his father, Calvin Hanley, last Thursday.

President Hanley is said to be at Franklin, Ind., and Rev. C. M. Parker, a member of the board of trustees of the institution, told court officials that he would appear when wanted.

The alleged assault on Calvin Hanley occurred at his home near Middletown, Ind., when, it was charged, the minister attacked his father because of remarks made to his daughter-in-law and on account of treatment accorded his mother to which the son objected.

President Hanley asserted that he had not beaten his father, but had "switched and spanked" his parent.

SEVEN STRIKERS ARE BEATEN

Police Who Attempt to Stop Garment Workers' Riot Also Injured.

Philadelphia, Sept. 16.—Seven persons believed to be striking garment workers and their sympathizers were so severely beaten in a disturbance that they had to be sent to a hospital. According to the police several garment workers who refused to join the strikers were attacked by about 200 men and boys when they left their places of employment.

Police who undertook to quell the riot were badly beaten.

SAN FRANCISCO EDITOR DYING

San Francisco, Sept. 16.—Charles De Young, managing editor of the San Francisco Chronicle and son of M. H. De Young, proprietor of that paper, is not expected by his physicians to live twenty-four hours longer. He has been critically ill at San Mateo with typhoid fever, which has run into typhoid pneumonia, complicated by peritonitis.

DUBLIN STRIKE SPREADING

Labor Situation Made More Serious by Walkout of Builders.

Dublin, Sept. 16.—The labor situation has assumed a more serious phase and the city is affected to a greater extent by this strike than any in its history.

Pipe thousand laborers went out. Two thousand farm laborers and six hundred dock workers are also out. Four steamers loaded with grain are unable to discharge. Food is running low.

AWAIT FUNERAL OF GAYNOR

New York Candidates Cease Political Activity.

New York, Sept. 16.—A halt in political activities in New York city's municipal campaign through respect for the late Mayor Gaynor was called by John Purroy Mitchel, fusion candidate for mayor.

E. Ward McCall, his Tammany opponent, agrees with Mr. Mitchel and the political lull will last until after the mayor's funeral.

Mr. Mitchel took this position in a brief address to the Republican district leaders. He said:

"As far as possible all partisan meetings and conferences, all discussions of his successor should cease until Mayor Gaynor has been laid to rest with the affectionate sympathy of this community."

THREE EMPLOYEES BLAMED FOR WRECK

Coroner Places Responsibility for New Haven Disaster.

New Haven, Conn., Sept. 16.—Three employees of the New York, New Haven and Hartford railroad are held by Coroner Mix criminally responsible for the disastrous wreck at North Haven on Sept. 2, when the White Mountain express plunged through the second section of the standing Bar Harbor express, exacting a toll of twenty-one lives.

Those held to be responsible are Augustus B. Miller, engineer of the White Mountain express, and Bruce C. Adams and Charles H. Murray, conductor and flagman, respectively of the Bar Harbor train.

The coroner neither blames nor absolves the New Haven road. He finds the signals were in perfect order "and whether the banjo signals are obsolete or not the accident would have been prevented if the company's rules had not been violated." He declares the number of violations of rules by employees "makes a sorry record."

Engineer Miller was arrested on a bench warrant and pleaded not guilty before the superior court. Bench warrants have been issued for Adams and Murray.

JUMPS INTO NIAGARA RIVER

Man Plunges From the Lower Steel Arch Bridge.

Niagara Falls, N. Y., Sept. 16.—A man believed to be John Hawkins, sixty-eight years old, of Erie, Pa., committed suicide by jumping into the Niagara river from the lower steel arch bridge.

The bridge spans the river just above the start of the whirlpool rapids and is 200 feet above the surface of the water.

Hawkins was pulled from the bridge railing Saturday night, but convinced his captors then that he was not bent on suicide.

DENY THEY ARE A TRUST

Telephone Combine Head and Subsidaries File Answers.

Portland, Ore., Sept. 16.—The American Telephone and Telegraph company and subsidiaries filed answers in the federal court here to the anti-trust suit brought against them. They deny that they are parties to any conspiracy in restraint of trade.

It is charged that the defendants are in conspiracy to monopolize the telephone business in violation of the anti-trust law of congress passed July 2, 1890, and the government demands that competitive conditions be re-established as far as practicable in Oregon, Washington, Idaho and Montana.

POSTAL SYSTEM YIELDS SURPLUS

Parcel Post Responsible For Excellent Showing.

SERVICE IS SELF SUSTAINING

Representative Lewis, However, Does Not Believe Penny Postage Will Come Just Yet—Fears Increase of Second Class Rates Would Drive Periodicals From the Mails.

By ARTHUR W. DUNN.

Washington, Sept. 16.—[Special].—"We will assuredly have a surplus of \$7,000,000 to \$10,000,000 at the end of the year, due to the parcel post, a continuing surplus for the future."

In those words Congressman Lewis of Maryland answered a question as to whether the new parcel post law paid for itself. Mr. Lewis was making an extended and exhaustive speech on the subject of parcel post, a subject on which he is well qualified to speak, and he showed that in time the parcel would not only yield a handsome revenue, but would cover the deficit which is created by the rural free delivery service and other mail. He believed that careful handling of parcel post on rural routes might make that service self sustaining.

Inquiries were made as to whether farm products were moving by parcel post, it being a general complaint that thus far the parcel post service had been largely from the cities to the country. Lewis said that the farmers were gradually beginning to take advantage of the service, but there were certain troubles yet to overcome, such as containers for the shipment of farm products.

Penny Postage.

Incidentally he took up the demand for penny postage, which, he said, was very insistent and coupled with the demand for an increase on second class mail. He said that he did not believe that it was time for one cent postage and that any attempt to increase second class rates—at least, more than 2 cents a pound—would drive the papers and periodicals from the mails.

Offices For the Democrats.

In the midst of loud walls and complaints because the Democrats were taking steps to secure the federal offices for their Democratic constituents there was one outspoken Republican who thought the party which won ought to have the offices. Congressman Madden of Chicago went directly to the point, saying: "I am in favor of turning these offices over to the Democrats. [Applause on the Democratic side.] I believe that Republicans are better Republicans when they go down with their party, and I believe that Democrats are better Democrats when they go in and out with their party." [Applause on the Democratic side.]

A Roosevelt Theme.

Speaking of the exemption of the income tax being limited to two children in a family, Senator Sherman of Illinois said: "Why do you want to make that limitation? That is the fashionable number. If there is race suicide where does it begin? The large incomes are among people who ought to raise children, but who have two or less. I would put a tax on dogs and a bounty on babies if I were a benevolent despot in this country."

Penrose Not Fooled.

Out of courtesy it has been the custom for a number of senators to remain in their seats, particularly when one of the older members of the senate is speaking. Said Senator Penrose one day during the tariff debate, "In the presence of those senators who have done me the honor to have the appearance of listening I was endeavoring to show some of the inconsistencies of this bill." The Pennsylvania senator understood the situation. "Appearance of listening" expressed the idea, as no one was listening.

Shutting Off Publicity Agents.

Reams of matter sent out from the departments which daily finds its way to the wastebaskets will be discontinued if the senate adopts the Gillette provision preventing the expenditure of money for publicity by the departments. A dozen years ago every newspaper man went to the departments when he wanted information. Now stacks of stuff he does not want is mailed to him, and he can't get information without going to the publicity agents. Much of this is due to the Roosevelt executive orders supplemented by those of Taft, in which everybody was prohibited from giving publicity to public affairs in the departments. Those orders are still in force under the Wilson administration. But they may be abrogated with the elimination of the publicity agents.

Rubbing It In.

One fine afternoon Chairman Fitzgerald suggested that he would like to have the house adjourn.

"In view of the fact that the Democratic members are going to have a caucus," said Minority Leader Mann, "and that the Republican members are going to a baseball game, I hope the gentleman will make the motion."

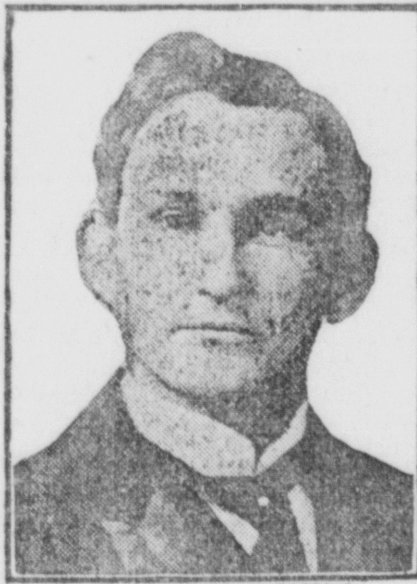

"Jim Mann's rubbing it in," remarked a Democratic "fan" who wanted to go to the game but had to stay in caucus.

Equal in Earthquakes.

As far as earthquake activity is concerned, Italy and Japan are about on a par.

SENATOR ROBINSON.

Member of Committee to Investigate Crow Agency.

TAKES UP GRAY CHARGES

Joint Committee of Congress Goes to Crow Agency.

Washington, Sept. 16.—A joint committee of the house and senate consisting of Representatives Burke of South Dakota and Stephens of Texas, and Senators Townsend of Michigan and Robinson of Arkansas, have left for Montana to investigate alleged abuses on the Crow reservation.

This inquiry is the result of charges repeatedly urged by Mrs. Helen Pierce Gray, a former resident of St. Paul. Misappropriation of tribal funds, padding of rolls and various phases of the alleged land frauds are some of the accusations the special committee will investigate.

EMERY ADDRESSES LOBBY COMMITTEE

Scores Mulhall and Denies Accusations in General.

Washington, Sept. 16.—The defense of the National Association of Manufacturers to the charges of a checkered and improper political career in Washington and elsewhere made by its former "lobbyist," Martin M. Mulhall, was concluded by James A. Emery, chief agent of the association in the capital.

For nearly three hours he addressed the house lobby committee. Emery made a detailed denial of Mulhall's charges that the association packed congressional committees; that it rode rough shod over those members who opposed its legislative will; that it campaigned with frequency and at great expense to elect its favored congressional friends and that it spent several hundred thousand dollars in "lobby work" through Mulhall himself. Referring to Mulhall, Emery said:

"The evidence before this committee conclusively demonstrates that the character of Mulhall destroys right to believe him, nor is his written word worth more than his oral statement.

"By his own testimony against that of his letters, by the falsity of their contents proved by independent witnesses, by the deception, treachery and falsehood that underlies every relation of his life, he is utterly unworthy of belief."

UNITE TO BAR ACCIDENTS

Chicagoans Will Try and Lower Present Death Rate.

Chicago, Sept. 16.—A permanent committee on public safety for the purpose of minimizing the number of accidental deaths was formed here. The means of lowering the death rate will be investigated by the following subcommittees:

Industrial, railroads, street railways, automobiles and motor cycles, drownings, asphyxiation, criminal operations, elevators, self-destruction, homicides, law enforcement and ways and means.

George H. Whittle, chairman of the street traffic committee of the Association of Commerce, was elected president of the general committee.

MILL CITY NEGRO KILLED

Witnesses Say His Slayer Acted in Self-Defense.

Minneapolis, Sept. 16.—Samuel Barney, negro, was shot while in his room, receiving wounds from which he died a short time after at the city hospital. In an ante mortem statement to the county attorney Barney charged John Hudson, also a negro, with the shooting. Witnesses say that the shooting was done in self-defense, a result of a quarrel between the two men.

SHOOTS THREE TO DEATH

Memphis Man Kills Wife's Parents and Brother.

Memphis, Tenn., Sept. 16.—Ed Baxter wiped out almost the whole of his wife's family, shooting them with a shotgun while they lay in bed. He escaped. The dead are Henry Smith, grocer; Mrs. Henry Smith; Oscar Smith, son.

The parents had objected to Baxter coming on the place.

POLICE ARREST YOUNG DENTIST

LANE CONSIDERING VOYAGE

Secretary of Interior May Make Trip to Honolulu.

Berkley, Cal., Sept. 16.—Secretary Lane of the interior department is considering a voyage to Honolulu and back before he returns to his work.

It is now six days since the secretary collapsed while reviewing a parade, and although he continues to gain in strength and is up and about his physicians insist that he must have a fortnight's full rest before he can think of taking up his duties again.

EMERGENCY BILL IS PASSED

Measure Provides \$100,000 to Bring Americans Out of Mexico.

Washington, Sept. 16.—Waiving any reference to committee on the ground that it was an emergency measure the senate passed the house resolution appropriating \$100,000 to meet the expenses of bringing destitute Americans out of Mexico.

124 MILES AN HOUR.

Paris, Sept. 16.—A remarkable flight, establishing a new cross country record, was made by the French aviator, Ernest Guillaux. With a passenger he covered 118 miles from his home at Savigny-Sur-Braye to Paris in fifty minutes. This was at the rate of nearly 142 miles an hour.

Her Revenge.

A lawyer asked a woman in the witness box her age, and she promptly replied: "Old enough to have sold milk for to drink when a baby, and I haven't got my money yet."

Further Developments in New York Brutal Murder.

WOMAN IS ALSO IN CUSTODY

Dr. Muret and His Housekeeper Are Being Held on a Technical Charge of Counterfeiting and Further Sensations Are Promised—Cablegram From Germany Says Rev. Hans Schmidt Is Insane.

New York, Sept. 16.—Dr. Muret, a dentist, was arrested by Police Inspector Faurot in connection with the murder of Anna Amuller, to which Hans Schmidt, the priest, confessed. Inspector Faurot, as he left headquarters with Detectives O'Neil and O'Connor, said they were going to Upper Manhattan where they had under arrest in his own home a prominent physician.

Later they arrested Dr. Muret, a dentist of 301 St. Nicholas avenue, which is in the vicinity of One Hundred and Thirty-fifth street and near St. Joseph's church, where Father Schmidt was arrested. Mr. Muret is about thirty years old.

Inspector Faurot declared the new developments would prove fully as sensational as Schmidt's arrest.

The dentist seemed unconcerned when he was taken into custody.

The police say that Father Schmidt was often seen in the apartments in West One Hundred and Thirty-fourth street with Dr. Muret.

Saw Muret With Schmidt.

The agent of the flat is also said to have identified Muret as having been in the apartment with Father Schmidt. Dr. Muret's housekeeper, Bertha Zeck, also was brought to police headquarters.

Dr. Muret is being held on a technical charge of counterfeiting and the woman as a material witness.

It is alleged that under the name of George Miller, Muret hired an apartment in West One Hundred and Thirty-fourth street and that in the apartment were found plates and presses and portions of partially destroyed proofs of \$20 gold certificates.

Inspector Faurot said he wanted it understood that Father Schmidt had made no confession implicating Muret.

Dr. Muret said he first met Schmidt when the priest visited him to have some dental work done and it is alleged by the police that Muret told Inspector Faurot that Schmidt first broached the subject of counterfeiting.

"Does Muret or Miller admit knowing the Amuller girl?" Inspector Faurot was asked.

"Yes," was the reply.

Dodges Pointed Question.

"Have you any evidence that tends to show that Muret or Miller visited the Bradhurst avenue house with Father Schmidt and the Amuller girl?"

"I won't go into that," was all the inspector would say.

Hans Schmidt is in the observation ward of the Tombs prison under the care of Dr. McGuire, the prison physician.

Warden Fallon declares the man is insane—one of the most dangerous men ever confined in the prison, and in this view he was upheld by Deputy Commissioner of Corrections Wright.

From Aschaffenburg, Germany, there came to Mr. Joseph P. Mooney, vicar general of the archdiocese of New York, a telegram from the secretary of the bishop which said that Schmidt had been suspended by the bishop. The message read:

"Schmidt born in Aschaffenburg, priest of diocese of Mainz. Ran away from Mainz because of attempted frauds; arrested by police. Declared insane by court and discharged. Suspended by bishop for acts and for presenting falsified documents regarding studies he pretended to have made. Then left diocese."

POWDER AS CATTLE POISON

Authorities Seek Man Who Planted Dynamite in Pasture.

Custer, S. D., Sept. 16.—Federal and state officials are searching for persons in this vicinity who, it is charged, attempted the wholesale poisoning of cows.

John Mallon, a rancher, upon going through his cow pasture, discovered some sticks of dynamite lying in the short grass. Upon further investigation he found more of it secreted in various places in the pasture and in all found seventy-four half-sticks of explosive.

It is known that cows lick dynamite sticks as they would salt, but it kills them.

Mr. Mallon decided some one tried to poison his animals and laid his find before the county authorities. As his ranch is leased from the forest service federal officials were notified and also have started an investigation.

Tenement Falls; Eight Killed.

Coburg, Germany, Sept. 16.—Eight persons were killed, seven others are believed to be buried in the ruins and six more were injured by the collapse of a tenement house here as the result of a gas explosion.

Nettleton rents and sells houses, lots and writes fire insurance.—Adv. 81dtf-wtf

Miss Edna Florine Johnson, daughter of Mr. and Mrs. Ed Johnson of Pequot, died September 12 of diabetes. She was 17 years old and had prepared to teach this fall. She was up and around town until two days before her death. She was a young lady beloved by all who knew her. She had attended school in Brainerd for some time and had made her home with Conductor Coppersmith. The funeral services were held from the Evangelical church at Pequot cemetery. It was the largest funeral Pequot had seen for several years.

At Moose hall last evening John McCusker, of Livingston, Mont., a prominent labor man, addressed a gathering of labor men. He spoke on what is termed an industrial federation of railway workers. The speaker sketched the movement in industrial affairs wherein he claimed the government will eventually dic-

A Word as to the New Fall and Winter Stylecraft Coats and Suits

The Clothes Luxurious—The Modes Fastidious—The Garments Par Excellence—The Ready-to-wear Apparel that Stands Pre-eminent in the Art of Highest-Class Tailoring in America

PILE FABRICS, meaning "Fur Clothes," will carry everything before them the coming autumn and winter as the most favored of fashion for women's coats. Not in years had a fad ingratiated itself so pronouncedly into public favor in so short a time. "Pile Fabrics," in a word, will simply reign supreme—irresistible, undisputed! Most of these Stylecraft "fur cloth" coats come with muffs to match.

Having anticipated this unique situation many months ago, the Stylecraft designers, with their characteristic forethought and adaptability, laid themselves out to interpret the coming vogue in a manner that has already shown the wisdom of their consummate planning. The line of pile fabric coats bearing the celebrated Stylecraft label does honor not only to the house that has produced them but it also reflects the greatest credit on the draftsman who created them! These beautiful pile fabric garments from the famous Stylecraft shops are so soft and silky to the touch, so rich in curl and luster, so cleverly worked up with contrasting furs, etc., that you can scarcely tell them from the genuine Persian Lamb, Seal-skin or Mole that they are made to represent.

While there can be no question as to the enormous popularity of these knit astrakhan, plain and brocade plush, Ural, Arablan and Caucasian lamb, Persiana and matelasse coats, it can be taken for granted that there will also be an increase in the demand for shetlands, plain, striped and fancy boucles, plain and fancy zibelines, plain, cut and plaid-back chin-chillas, velour de laines, medium-weight kerseys, two-tone diagonal velours, fancy jacquards and sturdy mixtures in Scotch and other effects, all of which will be found amply represented in the great Stylecraft coat line for Fall and Winter.

The new Fall suits come with the coats decidedly longer than last season, and more fancifully gotten up in every way, as a rule. In many models the fronts round off sharply from the waistline and taper down towards the back, very much on the lines of a gentleman's English walking coat. The effect is most delightfully dressy and debonaire. Among the more fashionable suit fabrics for autumn may be mentioned fancy Bedford cords, bengalines, two-tonelines, two-tone jacquards, eponges, poplins, broadclothes, plain and fancy chevots, velour de laines and the ever-popular serges. Not in many seasons has the Stylecraft suit line shown such a lavish variety of fabrics or such exquisite taste in tailoring. Yet popular prices prevail.

Good In Everything.

The late Sir Wilfred Lawson, well known as an English temperance reformer as well as a wit, invariably took a cheerful view of life and conduct. In conversation with him one day an ardent person rallied forcibly against the practice of christening vessels with champagne before being launched. Sir Wilfred did not altogether agree and said a good temperance lesson might be learned from the practice.

"How can that be?" demanded the other.

"Well," replied the baronet, "after the first taste of wine the ship takes to water and sticks to it ever after."

Making Sure.

"Understand me, sir, I cannot live without my daughter."

"But don't you misunderstand me, young man. What I want to know now is where you and Mary intend to live after you have been married?"—St. Louis Republic.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it incurable, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold Everywhere.

Miss Edna Florine Johnson, daugh-
ter of Mr. and Mrs. Ed Johnson of
Pequot, died September 12 of dia-
betes. She was 17 years old and had
been prepared to teach this fall. She
was up and around town until two days
before her death. She was a young
lady beloved by all who knew her.
She had attended school in Brainerd
for some time and had made her home
with Conductor Coppersmith. The
funeral services were held from the
Evangelical church at Pequot ceme-
tery. It was the largest funeral Pe-
quot had seen for several years.

At Moose hall last evening John
McCusker, of Livingston, Mont., a
prominent labor man, addressed a
gathering of labor men. He spoke
on what is termed an industrial fed-
eration of railway workers. The
speaker sketched the movement in in-
dustrial affairs wherein he claimed
the government will eventually dic-
tate freight rates, that is, establish-
ing the minimum, and this will short-
ly be succeeded by a like establish-
ment of the minimum wage by the
same governmental authority. And
then, when a worker wants a raise,
he will have to apply directly to the
government.

The Best Pain Killer

Bucklen's Arnica Salve when ap-
plied to a cut, bruise, sprain, burn or
scald, or other injury of the skin will
immediately remove all pain. E. E.

BARROWS NEWS ITEMS

September 11, 1913.
The Woodmen of the World held
their first meeting at Peck's hall last
Tuesday evening. A camp of 21
members belong so far.

The Barrows ball team went to
Brainerd Sunday to play the Key-
stone team, but they failed to show
up. Cold feet must have been the
cause, put on another pair of socks.
boys!

The Barrows ball team are making
a little headway since they received
their new suits. Won last Sunday's
game from the Keystone team of
Brainerd by a score of 8 to 5.

Edgar Peterson is visiting at Elle-
worth, Wis. Mr. Peterson also at-
tended the state fair.

Mr. Revelre has his stock and fix-
tures in his new restaurant and ex-
pects to do business next week.

John Gile has returned from his
trip to North Dakota. The crops
look good to him but Barrows is more
like home.

John Olson and Mitch Bros. left for
Duluth Sunday evening.

Ed. Ring has painted and decorat-
ed the Town hall. Finishing it in
time for school which commenced
Tuesday, September 2nd.

The Barrows mine is pulling up ore
in fine shape and things look pros-
perous.

Andrew Ring and John Grande have
returned from Manganese where they
have painted five cottages.

Work on the cinder path from the
townsite to the Barrows mine was
started today by T. Dahljenn, of Du-
luth.

E. Tanner has his 10 room dwell-
ing almost completed.

Miss Staples' smiling face is back
again to teach the young ones. Miss
Dewald is also teaching here.

Capt. Mathews and family moved
to Deerwood last week.

J. R. Perham opened his new store
last Saturday with free sodas after-
noon and evening.

Contractor Peter Anderson has com-
pleted the Machinery Ware house for
the Town board.

Mr. Hazelton leaves for Palsade to
spend a few days with his friend.

John Hart spent Sunday in Bar-
rows.

Jake Kolsted and John Peck were
out chicken hunting last Sunday.
They brought in five. Jake claims he
shot them all, but did he?

Townsite Co. has completed grading
Wahl street, and are now at work
on First St. North.

Paul Larson and G. Ryden have
been working at Brainerd during the
past week.

Mr. Grande has added a MULE to
his stock of horses. Mr. Grande re-
ports a fine business.

Mr. Quackenbush returned from a
trip to Oreland.

Mr. Mason of Mason Lumber Co.
returned from Palsade this morning.
Elmer Toutloff is clerking for H.
A. Peterson & Co.

prices are going up—If you want a
home buy now. E. C. Bane, 220 S.
7th St. Tel. 248—Advt. 88tf

Good in Everything.

The late Sir Wilfred Lawson, well
known as an English temperance re-
former as well as a wit, invariably
took a cheerful view of life and con-
duct. In conversation with him one
day an ardent person rallied forcibly
against the practice of christening ves-
sels with champagne before being
launched. Sir Wilfred did not alto-
gether agree and said a good temper-
ance lesson might be learned from the
practice.
"How can that be?" demanded the
other.
"Well," replied the baronet, "after
the first taste of wine the ship takes
to water and sticks to it ever after."

Making Sure.

"Understand me, sir, I cannot live
without your daughter."
"But don't you misunderstand me,
young man. What I want to know
now is where you and Mary intend to
live after you have been married."—
St. Louis Republic.

There is more Catarrh in this section
of the country than all other diseases
put together, and until the last few
years was supposed to be incurable. For
a great many years doctors pronounced
remedies, and by constantly failing to
cure with local treatment, pronounced it
incurable. Science has proven catarrh
to be a constitutional disease, and there-
fore requires constitutional treatment.
Hall's Catarrh Cure, manufactured by
F. J. Cheney & Co., Toledo, Ohio, is the
only Constitutional cure on the market.
It is taken internally in doses from 10
drops to a teaspoonful. It acts directly
on the blood and mucous surfaces of
the system. They offer one hundred
dollars for any case it fails to cure. Send
for circulars and testimonials.
Address, F. J. Cheney & Co., Toledo, O.
Sold by Druggists. Take Hall's Family Pills for constipa-
tion.

A Word as to the New Fall and Winter
Stylecraft Coats and Suits

The Clothes Luxurious—The Modes Fastidious—The Garments Par Excellence—The Ready-to-wear Ap-
parel that Stands Pre-eminent in the Art of Highest-Class Tailoring in America

THE
CLOTHES
LUXURIOUS

PILE FABRICS, meaning "Fur Clothes," will carry everything before
them the coming autumn and winter as the most favored of fashion for
women's coats. Not in years had a fad ingratiated itself so pronouncedly
into public favor in so short a time. "Pile Fabrics," in a word, will
simply reign supreme—irresistible, undisputed! Most of these Stylecraft
"fur cloth" coats come with muffs to match.

Having anticipated this unique situation many months ago, the Style-
craft designers, with their characteristic forethought and adaptability,
laid themselves out to interpret the coming vogue in a manner that has
already shown the wisdom of their consummate planning. The line of pile
fabric coats bearing the celebrated Stylecraft label does honor not only to
the house that has produced them but it also reflects the greatest credit
on the draftsmen who created them! These beautiful pile fabric garments
from the famous Stylecraft shops are so soft and silky to the touch, so
rich in curl and luster, so cleverly worked up with contrasting furs, etc.,
that you can scarcely tell them from the genuine Persian Lamb, Seal-
skin or Mole that they are made to represent.

While there can be no question as to the enormous popularity of these
knit astrakhan, plain and brocade plush, Ural, Arabian and Caucasian
lamb, Persians and matelasse coats, it can be taken for granted that there
will also be an increase in the demand for shetlands, plain, striped and
fancy boucles, plain and fancy zibelines, plain, cut and plaid-back chin-
chillas, velour de laines, medium-weight kerseys, two-tone diagonal ve-
lours, fancy jacquards and sturdy mixtures in Scotch and other effects, all
of which will be found amply represented in the great Stylecraft coat
line for Fall and Winter.

The new Fall suits come with the coats decidedly longer than last
season, and more fancifully gotten up in every way, as a rule. In many
models the fronts round off sharply from the waistline and taper down
towards the back, very much on the lines of a gentleman's English walking
coat. The effect is most delightfully dressy and debonaire. Among the
more fashionable suit fabrics for autumn may be mentioned fancy bed-
ford cords, bengalines, two-tonelines, two-tone jacquards, eponges, pop-
lins, broadclothes, plain and fancy chevrons, velour de laines and the ever-
popular serges. Not in many seasons has the Stylecraft suit line shown
such a lavish variety of fabrics or such exquisite taste in tailoring. Yet
popular prices prevail.

Monday. Of the graduates from this
school Celeste Young and Viola Por-
ter are attending the Brainerd High
school and Lillian Guin and Ethel
Sampson the High school at Little
Falls.

Miss Lottie Young left on Monday
for Harlowtown, Mont., where she
will visit Mrs. Aldia Shanley.

CLEANSES YOUR HAIR
MAKES IT BEAUTIFUL

It becomes thick, wavy, lustrous and
all dandruff disappears—Hair
stops coming out

Surely try a "Danderine Hair
Cleanse" if you wish to immediately
double the beauty of your hair. Just
moisten a cloth with Danderine and
draw it carefully through your hair,
taking one small strand at a time,
this will cleanse the hair of dust,
dirt or any excessive oil—in a few
moments you will be amazed. Your
hair will be wavy, fluffy and abun-
dant and possess an incomparable
softness, lustre and luxuriance.

Besides beautifying the hair, one
application of Danderine dissolves
every particle of dandruff; invigorates
the scalp, stopping itching and falling
hair.

Danderine is to the hair what
fresh showers of rain and sunshine
are to vegetation. It goes right to
the roots, invigorates and strength-
ens them. Its exhilarating, stimu-
lating and life-producing properties
cause the hair to grow long, strong
and beautiful.

You can surely have pretty, soft,
lustrous hair, and lots of it, if you
will just get a 25 cent bottle of
Knowlton's Danderine from any drug
store or toilet counter and try it as
directed.—Advt.

PASSED OVER MAYOR'S VETO

Street Railway Franchise of Minnesota Central Railway Passed
9 to 1 Vote Monday Night

HAGGARD NEW CITY ATTORNEY

Foot Bridge at Northeast Brainerd Bridge—Gas Franchise to be Considered Sept 29

George Reid, president of the Minnesota Central Railway company, went to Duluth this afternoon, after a four months' struggle, with the franchise in his pocket for a street railway in Brainerd. This street railway will form a part of an electric passenger and freight railway covering the Cuyuna iron range, and having a length of 35 to 40 miles.

The city council, at its meeting last night, passed the franchise by a vote of 9 to 1 over Mayor Henning's veto—the same vote it received on its final passage four weeks ago, prior to the mayor's veto. As before, Alderman D. A. Peterson was the only councilman voting in the negative.

Alderman Mahlum moved for the adoption of the street railway ordinance, No. 255 and it was seconded by Alderman Stallman. There was no debate, the motion being put and the vote taken.

The vote on the city attorney developed a pretty fight. Two applications for the position were on file, those of W. H. Crowell and Gustav Halverson.

On the informal ballot Haggard polled 4 votes, Halverson 2, Alderman 2 and Crowell 2.

On the first formal ballot Haggard received 4 votes, Crowell 2, Alderman 3 and Halverson 1.

On the second formal ballot Haggard received 4, Crowell 1, Alderman 4 and Halverson 1.

On the third, Haggard 4, Crowell 1, Alderman 5.

On the fourth Haggard 5 and Alderman 5.

Mayor Henning was then called on for the deciding vote and he voted in favor of Haggard and he was declared elected.

Tim Toohey addressed the council regarding the improvement of the Northeast Brainerd bridge. At the meeting held in the third ward Friday evening for the consideration of the street railway franchise, the bridge question was also considered. Mr. Toohey said it was an injustice to compel foot passengers to take a round-about course and that it worked a hardship on school children, on people wishing to attend church and on those wishing to trade in the main part of town. It was difficult to walk down and up a hill to get over to town. He claimed the Northern Pacific would soon be running big trains, blocking up most of the shop end, and making it increasingly difficult to get to town by that route. He suggested the advisability of having a walk path in the center of the bridge with turnstiles at each end permitting pedestrians, baby carriages and probably bicycles to pass through. This walk could be used until the city determined to put in either a steel bridge or a fill. But little lumber would be needed to make the alterations to a foot bridge.

President Lagerquist said he had been led to believe that posting the danger signs on the bridge made the city liable for accidents should the change suggested by Mr. Toohey be made. That is, the city would be liable should a pedestrian be injured by the falling of the foot bridge. Mention was made of the citizens of Northeast Brainerd who desired to turn out Saturday, September 20, to build the foot bridge from lumber on hand, all labor to be voluntary and the city to furnish the necessary hardware. It was the sentiment of

the council to sanction this arrangement and the street commissioner was instructed to supervise the job. Notice were to be posted that pedestrians used the bridge at their own risk.

In the reading of the minutes Alderman Betzold said one meeting had been called for the taking up of the gas franchise and that it was not proper to consider telephone matters at that time. On his motion, seconded by Alderman Anderson, the reference to all other matters was stricken from the records and the gas discussion alone remained on the minutes.

Mayor Henning stated he had withheld his signature to the telephone resolution declaring void the Mann franchise until the tangle was straightened out. This action of the council brought matters to the first position, as though no action had ever been taken against the Mann franchise.

The resignation of M. E. Ryan as city attorney and his communication as published in the Dispatch was read, accepted and placed on file.

Mayor Henning presented to the council the draft of the new charter for the city as proposed by the charter commission. On motion it was referred to the city attorney.

Mayor Henning appointed Mrs. Mike Setula matron at the city jail, her pay when working to be 75 cents a day. The appointment was confirmed after the mayor explained her duties and the necessity of having such an officer.

Mayor Henning appointed A. P. Nordstrom extra patrolman, his duties being to enforce the traffic laws relating to automobiles, motorcycles, etc., and especially in regard to their cutting corners. The mayor also suggested that part of the time the extra patrolman be stationed in Gregory park.

City Engineer Peacock said he was paying labor 25 cents an hour and that he could get labor at 24 and 1/2 cents.

The library bills for janitor and librarian, \$17.50 and \$35 respectively, were allowed and ordered paid.

Alderman Smith reported on the purchase by the city of the cement machine of the Ritaris. The rental was to be \$15 a day, such to be applied on the purchase price of \$900.

Alderman Betzold said it was a very good investment.

Alderman Smith said the city had used the bridge ground so long, 30 years or more, that it owned it.

Alderman Mahlum suggested that the ownership would depend on whether or not the city had ever given a lease for the property.

In rechecking the bridge, Alderman Mahlum suggested laying the planks diagonally and then another layer lengthways.

City Engineer Peacock said the cement sidewalks would be built in the order named in the resolution.

A liquor license transfer was granted from K. H. Flynn to Jos. Zimmer.

Alderman Hess reported on a sewer of the North side which was plugged up. City Engineer Peacock said the sewer was plugged up on Fir street. It had been flushed four times a year and had probably caved in somewhere along the route. There was a certain percentage of dead water which held the sewage and flooding the sewer did not clean it out. It was left to the sewer committee to take up.

Alderman Stallman reported that the hose house bell in Northeast Brainerd was hung on rubber gaskets and they were not conducive to improving the tone qualities. Alderman Gallupe coincided with his views. It was referred to the fire committee to remove the gaskets.

Secretary Wm. Nelson reported on the status of street lighting and the changing of lights on circuits. It

was the sentiment of

THAW WINS A ROUND

Special to Dispatch:

Littleton, N. H., Sept. 16—Harry K. Thaw, fugitive from Matteawan, won a victory in the United States district court here today, when Judge Aldrich indefinitely suspended the hearing on the writ of habeas corpus obtained by the Thaw lawyers. This means that Thaw will have the federal writ to check his immediate return to New York in the event Governor Feltner orders his extradition after the hearing to be held at Concord.

was referred to the electric light committee with power to act.

Alderman Smith reported a couple of new calls for the poor relief committee.

The sanitary policeman's duties were terminated October 1.

On motion of Alderman Betzold seconded by Alderman Anderson, the city attorney was instructed to look up the law on a bond issue for building a bridge or fill in Northeast Brainerd, such bond issue, if favorably considered, to be voted on at the time the new city charter was submitted to the people. The motion carried. At the same time the city engineer was instructed to give his estimates of the cost of such improvements.

A. G. Whitney, of St. Cloud, was given the floor to explain his gas ordinance. He claimed his first ordinance was the best one submitted, but in addition he had prepared a new one. The time to build a gas plant was in the summer, not in the winter. He mentioned points where his proposed franchise differed from the Smith franchise, claiming his was more to the advantage of the citizens of Brainerd than the Smith proposition. He offered to save each consumer \$10 in connecting up, to give uniform pressure, to have meters tested, to give city employees free access to the plant for the purpose of making tests, to pay the city a percentage on earnings. He mentioned the clauses of the Pillsbury-Ryan proposed franchise which he had stricken out and there were several of them. He wanted to build as good a plant as his company had given St. Cloud, but at this time did not know until his engineers had decided as to whether it was to be a coal gas or water gas plant.

J. P. Smith, whose ordinance had been given one reading, asked the council not to consider his this Monday evening as ten days had not elapsed between the readings. Alderman Mahlum suggested calling a meeting of the council for Monday evening, September 29, and the council, sitting as a committee of the whole would meet with the two gas franchise seekers, A. G. Whitney and J. P. Smith and with the city attorney would go over all the ground and decide on the relative merits of the two franchises. The motion carried.

Both Messrs. Whitney and Smith said they would be glad to meet with the committee and thresh out the whole matter.

A petition for water mains was referred to the water and light board, the main being near Second and Juniper.

George D. LaBar, chairman of the board of trustees of the First Congregational church, asked that the cement crossing be completed in the alley of block 108 and the request was granted.

Water mains, as asked for by the water and light board, were confirmed by resolution.

A resolution ordering the sinking fund commissioners to retire four certain funding bonds of the value of \$500 each was adopted, all voting aye.

W. D. McKay asked that certain curbing be laid.

Y. M. C. A. NOTES

On Wednesday afternoon after school, between the hours of 4 and 6, there will be another good time at the gymnasium of the Y. M. C. A. It's free to all boys. All are invited.

Men, remember the big meeting to be held in the Y. M. C. A. auditorium tomorrow night at 7:30. Don't fail to come and bring your friends. Be around early and show your friends a good time in the gym or at checkers or chess, says the assistant secretary. Also take them around through the different departments of the building. Then when the meeting is announced go to the auditorium at once, for there are some who are anxious to attend, who have other appointments at eight or shortly after, and we want everybody present; so everyone come. This means you, whether you are an old or a young man, so don't think that this meeting is simply for the younger fellows, because the older or even elderly men will find it not only profitable, but also most interesting. For more definite information read last night's announcement and see the item in Wednesday night's local.

Minister Praises This Laxative

Rev. H. Stubbins of Allison, Ia., in praising Dr. King's New Life Pills for constipation, writes: "Dr. King's New Life Pills are such perfect pills no home should be without them." No better regulator for the liver and bowels. Every pill guaranteed. Try them. Price 25c, at H. P. Dean's—Adv.

WANTS NEW COURT HOUSE

"Cuyuna Range Miner" Voices Sentiment for Building Adequate for Needs of Mining District

Looking back over the files of the "Cuyuna Range Miner" published at Cuyuna, Minn., one finds the following timely reference to the court house situation in the August 15 issue. These statements are made by the range paper and very aptly size up matters:

"Crow Wing county needs a new court house. The present one was designed for a county which was supposed to develop only along agricultural lines. The mining industry has so increased business that the court house is crowded and many departments are cramped in their present office space. This is especially the case of the register of deeds and the register of titles departments. With Crosby and Cuyuna both drawing attention to the needs of the county in regard to court house improvements it shows that public sentiment in other parts of the county is aroused to the need of better conditions in that structure.

People living in Crosby and Cuyuna are used to seeing action taken. The towns are but a few years old and they are accustomed to doing things in the ever present, when things are needed.

NOTICE

Owing to the fact that the factory has called for the apparatus to be used elsewhere, it will be necessary for us to close the demonstration of the automatic telephone on Saturday, Sept. 20th.

If you have not already seen the working of the automatic phone, it will be well worth your while to call and see the operation of this truly wonderful piece of mechanism.

Minnesota Telephone Company.

PASSED OVER MAYOR'S VETO

Street Railway Franchise of Minnesota Central Railway Passed
9 to 1 Vote Monday Night

HAGGARD NEW CITY ATTORNEY

Foot Bridge at Northeast Brainerd Bridge—Gas Franchise to be Considered Sept 29

George Reid, president of the Minnesota Central Railway company, went to Duluth this afternoon, after a four months' struggle, with the franchise in his pocket for a street railway in Brainerd. This street railway will form a part of an electric passenger and freight railway covering the Cuyuna iron range, and having a length of 35 to 40 miles.

The city council, at its meeting last night, passed the franchise by a vote of 9 to 1 over Mayor Henning's veto—the same vote it received on its final passage four weeks ago, prior to the mayor's veto. As before, Alderman D. A. Peterson was the only councilman voting in the negative.

Alderman Mahlum moved for the adoption of the street railway ordinance, No. 255 and it was seconded by Alderman Stallman. There was no debate, the motion being put and the vote taken.

The vote on the city attorney developed a pretty fight. Two applications for the position were on file, those of W. H. Crowell and Gustav Halverson.

On the informal ballot Haggard polled 4 votes, Halverson 2, Alderman 2 and Crowell 2.

On the first formal ballot Haggard received 4 votes, Crowell 2, Alderman 3 and Halverson 1.

On the second formal ballot Haggard received 4, Crowell 1, Alderman 4 and Halverson 1.

On the third, Haggard 4, Crowell 1, Alderman 5.

On the fourth Haggard 5 and Alderman 5.

Mayor Henning was then called on for the deciding vote and he voted in favor of Haggard and he was declared elected.

Tim Toohy addressed the council regarding the improvement of the Northeast Brainerd bridge. At the meeting held in the third ward Friday evening for the consideration of the street railway franchise, the bridge question was also considered. Mr. Toohy said it was an injustice to compel foot passengers to take a round-about course and that it worked a hardship on school children, on people wishing to attend church and on those wishing to trade in the main part of town. It was difficult to walk down and up a hill to get over to town. He claimed the Northern Pacific would soon be running big trains, blocking up most of the shop end, and making it increasingly difficult to get to town by that route. He suggested the advisability of having a walk put in the center of the bridge with turnstiles at each end permitting pedestrians, baby carriages and probably bicycles to pass through. This walk could be used until the city determined to put in either a steel bridge or a fill. But little lumber would be needed to make the alterations to a foot bridge.

President Lagerquist said he had been led to believe that posting the danger signs on the bridge made the city liable for accidents should the change suggested by Mr. Toohy be made. That is, the city would be liable should a pedestrian be injured by the falling of the foot bridge.

Mention was made of the citizens of Northeast Brainerd who desired to turn out Saturday, September 20, to build the foot bridge from lumber on hand, all labor to be voluntary and the city to furnish the necessary hardware. It was the sentiment of

the council to sanction this arrangement and the street commissioner was instructed to supervise the job. Notice were to be posted that pedestrians used the bridge at their own risk.

In the reading of the minutes Alderman Betzold said one meeting had been called for the taking up of the gas franchise and that it was not proper to consider telephone matters at that time. On his motion, seconded by Alderman Anderson, the reference to all other matters was stricken from the records and the gas discussion alone remained on the minutes.

Mayor Henning stated he had withheld his signature to the telephone resolution declaring void the Mann franchise until the tangle was straightened out. This action of the council brought matters to the first position, as though no action had ever been taken against the Mann franchise.

The resignation of M. E. Ryan as city attorney and his communication as published in the Dispatch was read, accepted and placed on file.

Mayor Henning presented to the council the draft of the new charter for the city as proposed by the charter commission. On motion it was referred to the city attorney.

Mayor Henning appointed Mrs. Mike Setula matron at the city jail, her pay when working to be 75 cents a day. The appointment was confirmed after the mayor explained her duties and the necessity of having such an officer.

Mayor Henning appointed A. P. Nordstrom extra patrolman, his duties being to enforce the traffic laws relating to automobiles, motorcycles, etc., and especially to regard to their cutting corners. The mayor also suggested that part of the time the extra patrolman be stationed in Gregory park.

City Engineer Peacock said he was paying labor 25 cents an hour and that he could get labor at 24 and 1/2 cents.

The library bills for janitor and librarian, \$17.50 and \$35 respectively, were allowed and ordered paid.

Alderman Smith reported on the purchase by the city of the cement machine of the Ritaris. The rental was to be \$15 a day, such to be applied on the purchase price of \$900.

Alderman Betzold said it was a very good investment.

Alderman Smith said the city had used the bridge ground so long, 30 years or more, that it owned it.

Alderman Mahlum suggested that the ownership would depend on whether or not the city had ever given a lease for the property.

In redecking the bridge, Alderman Mahlum suggested laying the planks diagonally and then another layer lengthways.

City Engineer Peacock said the cement sidewalks would be built in the order named in the resolution.

A liquor license transfer was granted from K. H. Flynn to Jos. Zimmer.

Alderman Hess reported on a sewer of the North side which was plugged up. City Engineer Peacock said the sewer was plugged up on Fir street.

It had been flushed four times a year and had probably caved in somewhere along the route. There was a certain percentage of dead water which held the sewage and flooding the sewer did not clean it out. It was left to the sewer committee to take up.

Alderman Stallman reported that the hose house bell in Northeast Brainerd was hung on rubber gaskets and they were not conducive to improving the tone qualities. Alderman Gallupe coincided with his views. It was referred to the fire committee to remove the gaskets.

Secretary Wm. Nelson reported on the status of street lighting and the changing of lights on circuits. It

MUSIC AND DRAMA

"Freckles"

Those who like an entertaining, clean and pretty play of unusual strength and emotional opportunities; a play of true love unsmirched by artificialities; a play of the great and wholesome outdoors, will find enjoyment in abundance in "Freckles," which is announced by the Brainerd opera house for Sunday, September 21.

"Freckles" is a dramatization of Gene Stratton-Porter's charming novel of the same name, which has for some time been a sensation in the literary world. It tells a fascinating story of how a nameless founding handicapped by the loss of one hand battles with life's problems and rises in the respect and estimation of his fellow-men, and gains the love of the girl he loves, through his honesty, fidelity and courage.

"The Country Boy"

"The Country Boy," Edgar Selwyn's remarkably successful play of city life, which the Henry B. Harris Estate will present at the Brainerd opera house on Monday, September 22 should not be confused with plays of similar titles.

This comedy is acknowledged to be one of the biggest successes of the present season and has been received with unusual marks of approval in New York, Chicago and Philadelphia. It is a first class production in every respect, and the excellent cast which Mr. Harris has selected for the interpretation of the various interesting roles of the play includes Claire Whitney, Eleanor Haber, Lizzie McCall, Hazel Frost, Marion Stephenson, Lettie Ford, Jason Robards, W. G. Ryder, James Lee Wiley, Wm. Levis, Charles Rondeau and Wm. Wilson.

"The Girl From Mummies"

The stage has revealed no more charming and interesting story than Sheehan & Beck's Parisian musical novelty, "The Girl From Mummies," book by J. A. Lacy, lyrics and music by Fred A. Bohnerst, which comes to the Brainerd opera house on Tuesday, September 23.

The play abounds in brisk, snappy clever dialogue, and possesses a distinct charm of its own, every character being unique and of a sunny nature, while the music is the most tuneful and melodious heard with a musical comedy for many a day, making one of the season's most enjoyable offerings.

The cast selected to delineate "The Girl From Mummies" is the most pretentious ever taken on tour and includes, Miss Olive Vail, Walter Ware, Jackson Barry, John E. Frank, I. Oliver, Miss Nellie Watters, Miss Erin Loey, Miss Marjorie Dow, Miss Hazel Regan. The chorus has already been named "Olive Vail's Beauties."

IF HEADACHY, DIZZY, BILIOUS, "CASCARETS"

Your Liver is full of Bile; Bowels Clogged, Stomach Sour, Tongue Coated, Breath Bad

Get a ten-cent box now.

You're bilious! You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleansing up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels are cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet, and your head clear for months. Children love to take Cascarets, because they taste good and never gripe or sicken.

Bamboo Sap in India.

In India the sap of the female bamboo is used for medicinal purposes. "Tabasheer," or "bansiochan," is sold in all Indian bazaars, as it has been known from the earliest times as a medicinal agent. It is also known in Borneo and was an article of commerce with early Arab traders of the east. Its properties are said to be strengthening, tonic and cooling. It has been analyzed and has been shown to consist almost entirely of silica, with traces of lime and potash. From its remarkable occurrence in the hollows of bamboos the eastern mind has long associated it with miraculous powers.—London Standard.

There is always reason in the man for his good or bad fortune.—Emerson.

Suffered Eczema Fifty Years, Now Well

Seems a long time to endure the awful burning, itching, smarting, skin disease known as "tetter"—another name for Eczema. Seems good to realize, also, that Dr. Hobson's Eczema Ointment has proven a perfect cure. Mrs. D. L. Kenney writes: "I cannot sufficiently express my thanks to you for your Dr. Hobson's Eczema Ointment. It has cured my tetter, which has troubled me for over fifty years." All druggists or by mail, 60c. For sale by H. D. Dunn.—Adv.

Praeger Chemical Co., St. Louis, Mo., and Philadelphia, Pa.

STOMACH SUFFERERS

May's Wonderful Stomach Remedy Is Recommended and Praised By Thousands Who Have Been Restored

"I was a sick man for about three months caused from Gall Stones of the Liver and was told by three of our most prominent physicians that I would have to submit to an operation to get relief, but heard of your Wonderful Stomach Remedy and secured a full treatment and took it according to directions and passed hundreds of Gall Stones. Since taking your medicine I work regularly and don't feel any ill effects. I am praising your Remedy to all my friends. I think it's worthy of the highest praise. H. DOOLLY, Revere, Va."

Sufferers of Stomach, Liver and Intestinal Affections are not asked to take May's Wonderful Stomach Remedy for weeks and months before they feel better. Just try one box, which should make you feel better in health, convince you that you will soon be well and strong, free from pain and suffering and give you a sound and healthy stomach, as it has done in thousands of other cases. Wherever it is taken you will hear nothing but the highest praise. Go to your druggist—ask him about the great results it has been accomplishing in cases of people he knows or send to Geo. H. May, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for a free book on Stomach Affections and many grateful letters from people who have been restored.

Keeps Your Stove "Always Ready for Company"

A bright, clean, glossy stove is the joy and pride of every housekeeper. But it is hard to keep a stove nice and shiny—unless Black Silk Stove Polish is used. Here is the reason: Black Silk Stove Polish sticks right to the iron. It doesn't rub off or dust off. Its shine lasts four times longer than the shine of any other polish. You only need to polish one-fourth as often, yet your stove will be cleaner, brighter and better looking than it has been since you first bought it. Use

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Get a can from your hardware or stove dealer. If you do not find it better than any other stove polish you have ever used before, your dealer is authorized to refund your money. But we feel sure you will agree with the thousands of other satisfied women who are now using Black Silk Stove Polish and who say it is the "best stove polish ever made."

LIQUID OR PASTE ONE QUALITY

Be sure to get the genuine Black Silk Stove Polish costs you no more than the ordinary kind. Keep your grates, registers, fenders and stove pipes bright and free from rusting by using BLACK SILK AIR-DRYING ENAMEL. Brush free with each can of enamel only. Use BLACK SILK METAL POLISH for silverware, nickel, tinware or brass. It works quickly, easily, and leaves a brilliant surface. It has no equal for use on automobiles.

ESDON ETCHINGS

Fred Bock went down to the state fair last week.

Charlie Goola and Ed. Nootny put in last week seeing the sights at the big state fair.

Walter Waffensmith is expected in Esdon this week for the threshing. There was a dance at the school house the 28th of August against the wishes of a good many in the school district. It is reported that there will be another this coming Friday night. Anyway the seats haven't been put in yet.

There has been a new floor put in the school room, but none in the entry. Some of us thought if we voted a new maple floor for the school house that it included entry as well as school room. But it seems the board don't look at it in that light.

The cement walk has been remodelled somewhat.

Mothers! Have Your Children Worms?

Are they feverish, restless, nervous, irritable, dizzy or constipated? Do they continually pick their nose or grind their teeth? Have they cramping pains, irregular and ravenous appetite? These are all signs of worms. Worms not only cause your child suffering, but stunt its mind and growth. Give "Kickapoo Worm Killer" at once. It kills and removes the worms, improves your child's appetite, regulates stomach, liver and bowels. The symptoms disappear and your child is made happy and healthy, as nature intended. All druggists or by mail, 25c. Kickapoo Indian Medicine Company, Philadelphia, Pa., or St. Louis, Mo.—For sale by H. P. Dunn.—Adv.

MUSIC AND DRAMA

"Freckles"

Those who like an entertaining, clean and pretty play of unusual strength and emotional opportunities; a play of true love unsmirched by artificialities; a play of the great and wholesome outdoors, will find enjoyment in abundance in "Freckles," which is announced by the Brainerd opera house for Sunday, September 21.

"Freckles" is a dramatization of Gene Stratton-Porter's charming novel of the same name, which has for some time been a sensation in the literary world. It tells a fascinating story of how a nameless founding handicapped by the loss of one hand battles with life problems and rises in the respect and estimation of his fellow-men, and gains the love of the girl he loves, through his honesty, fidelity and courage.

"The Country Boy"

"The Country Boy," Edgar Selwyn's remarkably successful play of city life, which the Henry B. Harris Estate will present at the Brainerd opera house on Monday, September 22 should not be confused with plays of similar titles.

This comedy is acknowledged to be one of the biggest successes of the present season and has been received with unusual marks of approval in New York, Chicago and Philadelphia. It is a first class production in every respect, and the excellent cast which Mr. Harris has selected for the interpretation of the various interesting roles of the play includes Claire Whitney, Eleanor Haber, Lizzie McCall, Hazel Frost, Marion Stebbins, Lottie Ford, Jason Robards, W. G. Ryder, James Lee Wiley, Wm. Lewis, Charles Rondeau and Wm. Wilson.

"The Girl From Mumms"

The stage has revealed no more charming and interesting story than Sheehan & Beck's Parisian musical novelty, "The Girl From Mumms," book by J. A. Lacy, lyrics and music by Fred A. Bohm, which comes to the Brainerd opera house on Tuesday, September 23.

The play abounds in brisk, snappy clever dialogue, and possesses a distinct charm of its own, every character being unique and of a sunny nature, while the music is the most tuneful and melodious heard with a musical comedy for many a day, making one of the season's most enjoyable offerings.

The cast selected to delineate "The Girl from Mumms" is the most pretentious ever taken on tour and includes, Miss Olive Vail, Walter Ware, Jackson Barry, John E. Frank, I. Oliver, Miss Nellie Watters, Miss Erin Lucy, Miss Marjorie Dow, Miss Hazel Regan. The chorus has already been named "Olive Vail's Beauties."

Keeps Your Stove "Always Ready for Company"

A bright, clean, glossy stove is the joy and pride of every housekeeper. But it is hard to keep a stove nice and shiny—unless Black Silk Stove Polish is used.

Here is the reason: Black Silk Stove Polish sticks right to the iron. It doesn't rub off or dust off. Its shine lasts four times longer than the shine of any other polish. You only need to polish one-fourth as often, yet your stove will be cleaner, brighter and better looking than it has been since you first bought it. Use

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Get a can from your hardware or stove dealer. If you do not find it better than any other stove polish you have ever used before, your dealer is authorized to refund your money. But we feel sure you will agree with the thousands of other up-to-date women who are now using Black Silk Stove Polish and who say it is the "best stove polish ever made."

LIQUID OR PASTE ONE QUALITY

To be sure to get the genuine, Black Silk Stove Polish costs you no more than the ordinary kind. Keep your grates, registers, fenders and stove pipes bright and free from rusting by using BLACK SILK AIR-DRYING ENAMEL. Brush tree with each can of enamel only.

Use BLACK SILK METAL POLISH for silverware, nickel, tinware or brass. It works quickly, easily, and leaves a brilliant surface. It has no equal for use on automobiles.
